EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 21, line 2 "floor polishing composition" has been deleted and -- floor polishing film -- has been inserted therefor

Claims 3,5,8,10,11,14,16,19,21 and 23-30 have been allowed.

The following is an examiner's statement of reasons for allowance:

The closest prior art references that relate to the claimed invention are Zdanowski'438 and Tease'341. While this combination of references does renders obvious a floor coating/coating composition containing randomly stacked scaly silica X or silica Y particles, this combination does not teach utilizing scaly particles, wherein said scaly particles are silica corresponding to layered polysilicic acid, wherein said layered polysilicic acid has layered particle structures that are present independently from each other, wherein said layered

Art Unit: 1773

polysilicic acid comprises foliar silica secondary particles that are present discretely from each other, wherein a plurality of flaky primary particles of scaly silica are overlaid one on another and aligned face-to-face in parallel with one another, as required by the instant claims. There is no teaching in the prior art that would motivate one of ordinary skill in the art to modify the composition suggested by the prior art so as to use the specific oriented silica particles required by the instant claims..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to leszek b kiliman whose telephone number is 571-272-1509. The examiner can normally be reached on M-T, 6.30-5.00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Deborah Jones can be reached on 571-272-1535. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
